

JAGRAN PUBLIC SCHOOL, NOIDA

PRESENTS

THE CYBER SYMPHONY

17TH OCTOBER 2026

BEYOND THE SCREEN, INTO
THE ADVENTURE

Invitation

Dear Participants, Mentors, and Esteemed Guests,

It is a pleasure to welcome you all to The Cyber Symphony, being held on 17th Oct 2026 at Jagran Public School, Noida. This event celebrates innovation, creativity, and the limitless world of technology. Platforms like these not only showcase talent but also nurture collaboration, curiosity, and critical thinking — essential skills for the future.

I extend my sincere appreciation to the organizing team and participants. May this event inspire you to explore new ideas and shape a brighter tomorrow.

Warm wishes for a successful and enriching experience.

With regards,
Dr. D.K. Sinha
Principal
Jagran Public School, Noida

THE CYBER SYMPHONY

ABOUT US

Founded in 2006 under the Shri Puranchandra Gupta Smarak Trust, Jagran Public School, Noida stands as a perfect blend of tradition and modernity. Inspired by the Late Shri Puranchandra Gupta, founder of Dainik Jagran, the school upholds the belief that education extends beyond academics — it is about nurturing values, building character, and fostering a lifelong passion for learning.

At JPS Noida, curiosity is celebrated. Students are encouraged to question, explore, and innovate. With a strong emphasis on technology and creativity, initiatives like robotics, coding, and digital innovation empower young minds to shape the future.

This vision takes center stage in The Cyber Symphony — a grand celebration of human intellect and digital excellence. The name symbolizes a harmonious fusion of technology, innovation, and imagination. More than just an event, The Cyber Symphony is a dynamic platform for creators, coders, designers, and problem-solvers to showcase their talents.

Guided by the motto “Built to Compete, Programmed to Win,” the event unites a series of thrilling and futuristic challenges, reflecting the rhythm of progress and the spirit of innovation that defines Jagran Public School, Noida.

CONTACT & REGISTRATION

Registration Guidelines

- Registrations opens from 3rd October 2026 and closes on 12th October 2026.
- Participants or teams must register for their selected event(s).
- Multiple entries are allowed, but event timings will not be adjusted for overlaps.

HYPERSTRIKE MOBILE

No. of Participants : 2
Time Duration : 1.5 Hours
Classes : VI - XII

- Participants enrolling from same school will play as a **team**.
- Participants must bring their own device with internet connection.
- School will provide network but **will not be accountable for any connectivity issues**.
- Any kind of toxicity, cheating will lead to disqualification.
- Participants are allowed to **bring their own headphones**.
- There will be two Games:
Game 1: **BGMI**
Game 2: Will be **revealed 1 day** prior to the event

TWIST TRIADS

No. of Participant : 1
Time Duration : 1.5 Hours
Classes : VI - XII

- Scrambled cube will be given.
- Three cubes (**2x2, 3x3 and Pyramid**) are to be solved in three consecutive rounds.
- All three cubes are to be brought by the participants.
- Participants are not allowed to see the performance of fellow participants.

UI/UX RUMBLE

No. of Participant : 1
Time Duration : 1 Hour
Classes : VI - XII

- Software provided: **Figma (free version)**.
- Topic will be provided on the spot.

UI/UX

FRAMELOCK

No. of Participant : 1

Time Duration : 1.5 Hours

Classes : VI - XII

- Video clips will be **provided** on the spot.
- Clips will be same for all participants.
- Software: **Filmora** , **Capcut**

NOCTURNE

No. of Participant : 2

Time Duration : 1 Hours

Classes : VI - XII

Mode: Online

- Puzzle scenario and decrypted files will be provided on the spot.
- Problems and data sets will be same for all participants.
- Allowed Tools: Terminal / Python / CyberChef / Web Browser

TECH

CROSSFIRE

(Tech Debate)

No. of Participant : 1

Time Duration : 1.5 Hours

Classes : VI - XII

- Speak with **Facts & Logic**
- Respect Opposing Views
- Follow Time Limit
- No **Plagiarism**
- Judges' Decision is Final

FIZ R  **B**  **TIC**
 **SOLUTIONS**

“INNOVATION PAYS OFF”

ROBOTICS EVENTS

MANOEUVRE

No. of Participant : 1-3

Time Duration : 1.5 Hours

Classes : VI - XII

- The bot must be manually controlled and capable of gripping various blocks or shapes. **It should be able to insert them into corresponding grooves carved into a cubic block.** The gripping mechanism should be precise and able to handle various shapes securely. **The bot should be completely hand-made, no ready made/lego chassis will be allowed.**
- The bot can be either wired or wireless. Wireless control options include a dual frequency remote, Bluetooth, or Wi-Fi. **The bot should be able to precisely align and place the blocks into their respective grooves, requiring accurate control of its movements and gripping mechanism**
- For wireless bots, **ensure the control mechanism provides a stable connection and sufficient range to operate effectively within the task area without any interference or lag.**

Rules:

- **Team Size: 1-3 students**
- **Maximum bot dimensions: 30x30x30 cm**
- **Maximum bot weight: 2 kg**
- **Operating voltage: Maximum 24V DC**

ROBO SOCCER

No. of Participant : 1-3
Time Duration : 1 Hour
Classes : VI - XII

- Teams compete in a soccer match using their bots to score goals.
- Matches are divided into **two 3-minute halves**.
- Bots must be controlled via wired remote or wireless systems.
- **No ready made/lego chassis and grippers will be allowed.**
- The bot should not hold the play ball during the matches.
Holding the ball will lead to direct disqualification from the event.

Rules:

- Team Size: **1-3 students**
- Maximum bot dimensions: **30x30x30 cm**
- Maximum bot weight: **3 kg**
- Operating voltage: **Maximum 24V DC**
- Bot Limitation: Each team can field only **1 bot** during the match.
- Mechanisms: Bots must be equipped with **non-destructive mechanisms**.
- Goal Rules: Goals scored by **human interference will be invalidated**.

FLYING MACHINE

No. of Participant : 1-3
Time Duration : 1.5 Hours
Classes : VI - XII

- Participants must design a **single stage water rocket** to achieve maximum distance and accuracy.
- Each team gets **two** launch attempts.
- Team of only **1-3 students** are allowed to participate.

Rules:

- Rockets must not exceed **2L** in capacity.
- Only water and **compressed air** can be used as propellants.
- Safety measures (e.g., **proper assembly and handling**) must be followed.
- Launcher has to be fabricated by the teams individually, sharing of Launcher is prohibited. **Teams making their own hand made launchers will be rewarded with bonus points.**
- Manual and electronic pumps are permitted in the event; however, teams must bring their own. **The organizer will not provide launchers or pumps to any team.**
